ENVIRONMENTAL AUDITORS SIG

OUR AIM

- To identify shared concerns generally and across jurisdictions to support improvement and consistency in Environmental Auditing.
- Prioritising sharing of knowledge to enhance the function and performance of Environmental Auditing and the wider industry by being active in proposing better approaches to solving concerns.
- Provide a national voice for progress towards national harmonisation of environmental auditing, ensuring more technical consistency in application of the standards under the overall regulatory frameworks.

WHO ARE WE?

The EA SIG is a group made up of environmental auditors from most jurisdictions around the country (VIC, NSW, QLD, WA, SA).

2025-2026 COMMITTEE

- Jonathan Thom
- Louise Cartwright
- Barbara Schulz
- Shandel Coleman
- Warren Pump
- Adrian Hall
- Stephan Paelczyk
- Brad May
- Julie Evans
- Peter Mirkov
- Mandy Champion
- Effie Nikolis

WHAT ARE WE UP TO?

The EA have have been working on a range of initiatives consistent with our purpose, including:

- Presenting on how to best use Auditors and the audit process and avoid some of the pitfalls.
- Advocating for discussion and solutions on issues of national significance in contaminated land, e.g. the system of classification and offsite disposal of contaminated soil.
- Establishing a networking/mentoring program for Auditors to seek advice and assistance.

- Advocating for national harmonisation of the appointment of environmental auditors in view of mutual recognition legislation.
- Advocating for and representing auditor and consultants' interests in relation to professional indemnity insurance.
- Providing a forum for auditors hare challenges and ideas for improvement of auditing and contaminated land practice, pursue common ground and encourage networking.
